**Subject: ERASMUS MUNDUS MASTER IN WATER AND COASTAL
MANAGEMENT**

**Acceptance of the Request for a further pre-financing - Specific Agreement
2012-2422**

**(Please quote in ALL correspondence: failure to do so may result in any
correspondence not being processed)**

Dear Prof. Eduardo GONZALEZ MAZO,

The Agency received the Request for further pre-financing referring to the above-mentioned Specific Agreement on 6/12/2013.

Following an analysis of the above referenced request for further pre-financing I herewith inform you that the Agency has accepted it.

A further pre-financing payment will be made in accordance to article 4.2 of the specific financing agreement (see further details in the annexed financial statement).

For the further implementation of this Erasmus Mundus Master Course the following recommendations are to be followed up with in the next report:

- 1) We recommend providing further details regarding the quality assurance method and results obtained in the following report.
- 2) The aspect related to relations with partners and associated partners has not been completely reported. Indeed, in general terms the report refers overall to the University of Cádiz and University of Bologna. Please provide further information concerning any progress, role, activities or actions where the partners/associates within the consortium have been involved/participated.

- 3) According to the report, graduated students will obtain a Joint Degree. Please send copies of the degree awarded as well as diploma supplement in your next final report.
- 4) You report difficulties for some of the students with regard to their level of English. We would suggest to pay more attention to this aspect at selection stage.
- 5) We strongly recommend you to develop WACOMA's own website which can be found easily and has its own url, independent from the partner universities' websites, in order to have an appropriate image of the Consortium and for a better promotion. Please follow the recommendations for an EM Joint Programme Website (http://eacea.ec.europa.eu/erasmus_mundus/beneficiaries/documents/action1/website_recommendations.pdf) and make sure you include information about the EM scholarships and degree awarded.
- 6) Please include in the EMT only the no of ECTS that have been acquired by the students at the time of the submission of your report.
- 7) Please be reminded that the contribution to travel paid to all your cat B students will be recovered at FR stage if they do not go on mobility to one of your third country partners for a minimum period of 3 months(or the equivalent of 15 ECTS).
- 8) In order to be eligible, the mobility path for students BAUTISTA CHAMIZO and DIAZ GARDUNO must include a 3rd European mobility (Erasmus Mundus Programme Guide, section 4.2.2. Eligible activities, page 29).

I would also like to take this opportunity to highlight aspects of the implementation of the Erasmus Mundus Master Course which we feel are good practice and should be further maintained:

- 1) The intervention of the coordinator at bilateral meeting with partners and associates of the Consortium in order to define research lines to be proposed as opportunities for students. This practice is considered advantage not only for the students but also to establish joint last links of cooperation between members of the consortium.
- 2) Your Consortium has a good absorption of the budget for scholar scholarship and we would be grateful if you could provide more information about their activities at final report stage.

For any questions please do not hesitate to contact misia.coghlan@ec.europa.eu.

Yours sincerely,

Mónica HOLIK

Head of Unit
